REPORT OF THE MANAGEMENT COMMITTEE

Gentlemen,

The Nineteenth Annual Report and Financial Statement of the University of New South Wales Cricket Club is presented for your approval.

Five teams represented the Club in 1968-69, one in each of the "A" and "B" Municipal and Shires Competition, two in the south section of the "C" Shires Competition and one in the City and Suburban Competition. The "A" Shires team won the Minor Premiership but was beaten in the final by Roseville Club. The Club Championship was retained for the fifth season in succession. The "B" Shires team finished fifth in its division, three points behind second position. The "C1" Shires team finished seventh out of fourteen teams whilst the "C2" Shires team finished in twelfth position in the same competition. The season was marred to some extent by numerous injuries and illnesses which tended to upset the stability of the individual teams and hinder to a degree the development of teamwork so necessary in any Club.

In Intervarsity competition, matches were played against Newcastle, Flinders, Queensland and Tasmania. Wins were recorded against Newcastle and Tasmania whilst narrow defeats were suffered at the hands of Flinders and Queensland Universities.

Social matches were played against Randwick, Waverley, I Zungari and the "World XI" whilst a trip to Duntroon Military College was one of the highlights of the season.

The Annual Dinner was held on 13th May, and was again a successful function. The Club was honoured to have Guest Speakers, Mr. Arthur Morris, a former international cricketer, to propose the "TOAST TO CRICKET", and former State Cricketer and Captain, Mr. Warren Saunders to respond. Mr. David Walker of Burwood Club proposed the "TOAST TO THE CLUB" to which Mr. Royce Levi replied. The Club Championship Trophy was presented by Mr. Roy Turner, Chairman of the Grades Committee, to Mr. Jim Pratley, Captain of the 1st XI. The Patron, Mr. E. H. Davis, presented the Bursar's Trophy to Mr. Alex Taylor as the season's most successful allrounder whilst Capt. John Morris presented his personal trophy for fielding to David Wills. Capt. Morris also presented a permanent trophy to the Club to record all the winners of his fielding trophy. A new trophy, called the Bar-Turn trophy, presented by Club Members, Mr. Clem Barrington and Mr. Bob Turner, was awarded to Mr. Rob Lucas as the Club's Actor for 1968-69. In all, sixty people attended.

The Committee wishes to thank all those who gave both moral and material support to the Club.

For and on behalf of the Committee,

C. H. BARRINGTON - PRESIDENT

J. E. PRATLEY - HON. SECRETARY

FIRST ELEVEN

The University First XI were unable to repeat their premier-ship success of the previous season although Minor Premiers. Our congratulations go to Roseville Club on their victory in the Final. However, the overall performance of the term was quite good when one considers the loss of players from the previous season and the injury and illness list.

I would like to express my appreciation to the members of the teams and in particular to the respective captains, my fellow selectors, for their help and cooperation during the season. I would like to thank the members of the First XI for their support and in particular to Harold Bundy, Royce Levi, Phil McEachran and Graham Cole, for their advice and assistance.

The batting strength of the team was not as consistent as in previous seasons and more responsibility was thrust on the bowlers. Paul Emery's performance of 50 wickets in his first full season in the top team was full of merit. Unfortunately, the Club may lose two of its greatest stalwarts, Harold Bundy and Royce Levi, for next season. These two players have provided much of the experience in the University's fine performances of recent years and their experience and ability to bring the best out of younger players by their own performances will be sorely missed. One can only hope that they have a change of mind.

In conclusion may I say that it has been a pleasure to be associated with the team and I look forward to further association in the future.

Jim Pratley.

SECOND ELEVEN REPORT - 1968/69

Though we surrendered the premiership crown after two years on top, the Second XI nevertheless had a successful season. The team finished a close fifth, and contributed to the Club retaining the Club Championship.

Our congratulations go to Lane Cove, deserved winners of the competition, and commiserations to the luckless Burwood side, who again have to be contented with second place after premiership victory had all but been attained.

With the absence of a number of key players from the side which had triumphed the previous year, the team which took the field for the opening match with Burwood performed credibly, despite its lack of experience, and gave the "ageless" opposition a close game, being beaten on the first innings by only fourteen runs. After good wins over Roseville and Lindfield in succeeding matches, the side experienced a mid-season slump, during which only nine points were earned in four matches, and hopes of reaching the finals faded. However, aided by weaker opposition, and some inspired individual performances, the team was able to win its next four matches, and in so doing, rekindle its premiership aspirations.

The side entered the second last round with the knowledge that a repeat ten-point win over Lindfield would ensure a place in the final against Lane Cove. The fact that this win was not achieved was due, in no small part, to the perfect batting wicket provided by our hosts, from which our bowlers were unable to extract the assistance necessary to dismiss a side twice.

A large turnover of players, brittleness in middle order batting, and a lack of sustained penetration by the fast bowlers - no doubt disheartened somewhat, by numerous missed slips catches, were contributing factors mainly responsible for the team not achieving greater success.

The ground fielding, whilst never rising to any great heights, showed some improvement on previous years, with Frank Graham in particular excelling himself at covers. Just one or two fieldsmen of Frank's calibre can provide a source of inspiration to players of lesser ability, and so improve the fielding performance of the side as a whole. The advantages of having regular specialised slips fieldsmen have rarely been made so apparent as in the past season. Numerous vital catches were spilled, and important early breakthroughs lost. Close-to-the-wicket fieldsmen have to learn that only by applying one hundred per cent concentration can catching be improved to an acceptable level.

Turning to individuals, Daryl Smith was, without doubt, the promotion success of the season. Coming to the side after the fifth round, Daryl had a quiet baptism with useful scores of 17 and 18 in his

first two games. He then revealed his true value as a solid opener with scores of 39, 45, 33 n.o., 56, 115 n.o., 22 and 16 n.o., at the same time breaking the hearts of the opposition bowlers in the true "Lucas" tradition. Bob Charlton, another newcomer, revealed all-round ability with enterprising innings of 62 n.o., and 43 against Canterbury, and 53 against Pennant Hills. Earlier in the season, he captured 6/14 against Roseville. Other stylish innings were played by Mike Reidy - 67 against Lane Cove, Dave Brady - 66 against Roseville, and Jock Martel - 50 against Burwood in his initial match. Chris Relton, apart from some useful scores early in the season, did not reveal his true ability with the bat, but nevertheless showed his value as an all-rounder, capturing 21 wickets at 15.3 with his sharp off-spin, including 5/17 against Roseville. Rob Lucas was unable to recapture his form of previous years during his short season, but doubtless will make amends in the near future.

The bowling honours went to Bob Turner, whose persistent accuracy, together with subtle variation in pace and flight, proved the downfall of many good batsmen. In only four seasons with the Club, Bob has now taken 165 wickets at an average of 14 - a meritorious effort. Geof Garland, back from overseas, showed that he had lost none of his former skill, taking 25 wickets at a cost of 8.6 runs apiece, in the last four matches. His figures of 6/10 against Ryde, and 9/53 in two innings against Bexley were match winning performances. Both Ray Bayfield and Phil Schofield, now not as fast as in former years, nevertheless moved the ball about as few bowlers in the competition can do. Their figures suffered because they often did too much with the ball bowled to batsmen who were not sufficiently skilled to get an edge. Generally speaking, too much of the new ball was wasted by bowling wide of the off-stump, and the fast bowlers would have been more successful had they persistently attacked the stumps.

The onerous position behind the stumps was capably handled by Clem Barrington and Ron Quinn. Clem's wealth of experience and gamesmanship were sorely missed in the latter half of the season. Ron proved himself an able substitute, and took some great catches. Both keepers had their moments with the bat. Ron's 43 against Ryde assured the side of an innings victory, while Clem, with an unconquered 41 against Auburn, combined with Bob Turner (25) in one of the Club's most remarkable partnerships.

New players who impressed, though for one reason or another played only a few games, were Jock Martel, George Preston, Frank Graham, Max Bishop, and Peter Whalon. Each has the ability to develop into a fine player in the coming season.

Lastly, I would like to thank all team members for their support throughout the season, making my task as Captain not only enjoyable, but relatively easy, and particularly Bob Turner for his assistance and advice as Vice-Captain.

Alex TAYLOR.

THIRD ELEVEN REPORT

Prophetically, at the start of the season, one of the selectors voiced the opinion that the thirds would not repeat their performance of 1967-68, when we finished second in our Division.

Events were to prove this seer's forecast to be correct.... we dropped from second to seventh.... but where his forecast was based on the assumption that the team was not of the same calibre as the previous season this was not the main reason for our demise.

Consider the record after five rounds we were clear leaders... after eight we were lying third within comfortable striking distance then the rot set in.

It is my contention that had the team been able to retain a stable nucleus of players we would have finished at least third, and this is no disgrace when one considers that both Southern Districts and Wentworthville would be capable of giving any 'A' Shires team a very competitive game. But, over a majority of rounds we averaged five changes of membership per game, thirty-six players appeared for us, and the sense of team spirit declined with each fixture.

It was not the fault of the selectors who did the best they considered they could with the available material the main trouble was that so much of the material was unavailable for both ordinary and extraordinary reasons.

The senior grades were beset, at times, with illness and injury.... ordinary unavailability certainly, and more of it than usual. They, and subsequently the lower grades also met with more of the other type, usually notified on Friday nights - the people unavailable because they were - playing golf - wooing birds - or just not giving a reason. There was a new gorgon also members (?) unavailable because they were too involved with Saturday morning cricket in matting wicket competitions. And if players are giving preference to such cricket there is something wrong with this club.

There is something wrong when players are only informed of where they are playing on Friday nights something wrong when they feel they can become unavailable for reasons which indicate keenness and loyalty to the club have been lost something wrong when they turn up at 1 p.m. for a 10 a.m. start something wrong when a team is not informed of where it is playing something wrong when lower grades defy the club's administration and leave upper grades short of players something wrong when such matters are drawn to the attention of the committee, some of who then actually voice opinions to the effect that these matters are unimportant.

Some of these things did not happen to the thirds ... but they happened in this club and are relevant to the almost universal nosedive the club's performances took after the New Year. The incoming committee must make one of its primary aims communication so that every member of the club knows what is going on and knows it early.

Fortunately, the performances of individuals in the various matches saved the season for this team. One recalls the fighting partnership between Max Bishop and Daryl Smith, which enabled us to defeat Cumberland the magnificent century by Peter Newman followed up by an equal bowling performance by Peter Street which gave us the edge against St. George I ... Bob Charlton's nerveless innings against time when we beat St. George III outright off the last ball of the fifteenth over George Preston's consistent ability to make batsmen play for the wrong movement of his medium paced seamers ... the transformation of Phil Schofield from a medium pacer to an off spinner who should make next season's selectors very thoughtful.

Those two stalwarts, Duncan and Dormon, who repeatedly propped our sagging batting deserve special mention. Ian Duncan, at number 3, rarely missed double figures and became a member of the '1000 run' club during the season. Jim Dormon usually provided a sound opening. His two innings of 41 at Wentworthville under almost hopeless conditions deserved better support from his team-mates, although I wish he would learn either to hit his square cut hard, or forget all about the shot. For some reason he failed in the seconds, batting for long periods but not scoring runs.

The individual 'turn' of the season was, however, provided by Peter Street. He has for many years earned the reputation as being a batsman who could bowl two or three pacey overs at the end of which he would be finished. Not so last season. Concentrating on bowling, he was the attack's mainstay and earned his eventual promotion by good thoughtful bowling. With remarkable consistency he was never wicketless and in direct contrast to previous years never wanted a rest.

There were also the promising performances of George Preston, Barry Wenke and Max Bishop, all of whom missed a large part of the season due to their return to country and interstate homes over the Christmas vacation.

We, as a club, have set ourselves the highest standard through the nature of our performances over past seasons. We have the quality players to maintain these performances, both those in senior grades and those in this team who displayed the potential to really come good. This report has been written in a critical vein to draw attention to the fact that if administration/player and player/administration relationships are allowed to deteriorate as partially happened last year, our built up standard of performance will collapse.

TIM CREER

FOURTH ELEVEN REPORT

For the 4th XI the 1969 Season was very similar to the previous Season, with a marginal improvement in our batting. Bowling and fielding let us down, it was in these aspects of the game that we failed, not even measuring up to the standards of past 4th XI teams.

Whilst results were poor, we can truthfully report that the spirit, enthusiasm and enjoyment of the team, particularly ~~the more~~ regular members, was high - even in the face of numerous defeats.

The talent and ability shown at various times of the Season by different players, indicated that the 4th XI can greatly improve its position and overall results. We can and will do a lot better but, firstly, several problems have to be overcome, namely the great turnover of players and fielding at all times eleven players.

A team nucleus is needed, upon which to build, so that batsmen may improve in a set batting order, field placing and bowling may blend with the fielding and other bowlers. We seem to suffer from exams, holidays and loss of continuity, too large are the breaks during the Season. Reducing the large turnover of players and being able to establish and build on a core should be the objective, then the 4th XI will improve greatly and thus benefit the club. We appear to be losing the fact that each team acts as a reserve for higher grades.

The team enjoyed some sort of success during the Season, particularly the last few games, winning two outright. The outright victory over Wests was due largely to some excellent bowling by speedster George Erdos, and two aggressive innings from Ern Mitchell, who scored 55 not out in the 1st innings and 32 not out in the 2nd, when 52 runs were required in 30 minutes.

Although defeated outright by Cumberland, the team turned in a pretty fair effort in the circumstances, considering the difficult wicket at the old Kings School Ground and the fact that we fielded only 8 men. Peter James and Chris Polhill batted soundly in both innings of this match, but the best individual performance was that of fast bowler George Erdos, and although capturing only a couple of wickets for 70 odd runs, bowled unchanged for 20 overs and was still able to extract life from the wicket in his 20th over - this was indeed one of the most outstanding performances of the Season.

The Season ended on a bright note with an outright victory over a somewhat depleted Macquarie University, Chris Polhill contributing an aggressive 81.

Alan Thomas showed great versatility throughout the Season as acting wicket-keeper, but his fielding was an example to the rest of the team, taking a record 10 catches - if only this were the average standard of fielding.

Peter Whalen, a wicket keeper from Gunnedah, played in one match with the 4th XI and showed enough ability behind the stumps and with the bat to be quickly promoted to higher grades. He will, no doubt, be an asset to the Club next Season. Another newcomer, Chris Polhill, although playing in only the last few games, scored 171 runs at an average of 34; he too shows great promise and should be one of the successes of next Season.

It is also hoped that next Season the 4th XI will have only one Captain who can mould and lead a winning team. Both our thanks go to all the members of the 4th XI for an enjoyable Season, and we look forward to the forthcoming Season.

Captains: TONY EPSTEIN
 JOHN HALL.

U.N.S.W.C.C. 5th XI Team Report 1968-9

The 1968-69 Cricket Season saw the 5th XI get away to a solid and promising start, winning four of the first six matches. This effort was due to two main factors : the first being the depth in numbers in the Club, and the second to the enthusiasm of those actually playing. As always happens, however many players left the teams after and during examinations, and of course the "Fighting Fifts" were the first team affected. Most of the strength was quickly promoted to the higher grades, but with the exception of five occasions when 9 or 10 players comprised the team, a full team was fielded for each game.

Though a new team was organised each week, team spirit was generated by a core of players who played nearly every week. Their spirit and enjoyment of the game encouraged new recruits to turn out with us again, and members are already looking forward to the next season.

Cricketers often tend to look upon the City and Suburban fixtures as social cricket with little or no competitive spirit. Nothing could be further from the truth! Having played 4th Grade competition myself from time to time, I feel that I am qualified to say that allowing for the slightly higher class exhibited by most of the C&S teams (less condition of course!), the sense of competition is at least as strong as 4th grade Shires competition. Indeed some of the older, more experienced opposing captains take the game extremely seriously. This experience of "pressure tactics" etc., is good from the point of view that, although "social" cricket, there are no easy runs and wickets for the taking. Hence promoted players are better adjusted for actual competition games.

Of course the social aspects of the games should not be overlooked and many players who could only play the odd afternoon found themselves getting home at rather late hours - and not due to travelling time either!

Considering the chopping and changing of the team each week, the 5th performed quite well in the circumstances winning 6 of the 19 games, and narrowly losing 5 more (due to either missing one or two

* * * * *
* * *
* *
*

players, or lack of a wicketkeeper with some experience, etc.)

The season was punctuated with some creditable performances and antics e.g. Iverack's cavalierish 99, Hook's freakish 5/16 with the new ball, Heher's over of 14 balls, Allen's non-bouncing bumper, Schofield's uncontrollable inswinger and Stockley's anguish at missed stumpings. There were other performances worth mentioning too but they would really have to be seen to be believed.

On the whole the 5th XI players would, I think, look back on the season with an overall sense of enjoyment spiced here and there with the feelings which only cricketers can experience. I hope to see many of the old faces and a good many more new faces in a still-more-successful season of C&S Cricket in 1969-70.

Bill Read
5th XI Captain.

UNIVERSITY OF NEW SOUTH WALES -v- NEWCASTLE UNIVERSITY.

Played 16th - 18th December, 1968 on the Campus Oval.

1ST DAY

On a rain-affected wicket, neither of the UNSW openers seemed in any difficulty until McEachran edged a moving delivery from Davidson to Hanley who took a neat catch. Wills began confidently with his first scoring shot being a boundary but after taking the score to 79 he lost his partner when Cole hit across a "straight one" and was bowled. Ridley chased a ball outside the off-stump and paid the penalty, leaving it to Wills, still playing confidently, and Andrews to steer the home team to the luncheon interval, whereupon the heavens opened and play was abandoned for the day with the score at 3-90.

2ND DAY

The second day belonged to Andrews. Playing a limited variety of strokes off the back foot, he hit only six boundaries, but kept the score mounting rapidly with expertly placed shots and quickly run singles - often to the distress of his partners.

Wills departed early on the Monday in characteristic fashion after having struck four boundaries. Herbert, whilst overshadowed by Andrews played a good innings in their partnership of 115. Another good innings was provided by Pocock, highlighted by powerful driving on the off-side. Graham completed the first half of an unenviable "double" before Wilson, with the second new ball, enticed Andrews; Mendl accepting his third catch behind the wicket. Pratley and Robinson then added 49 in rather slow time for the eighth wicket, before the stylish Robinson, after delighting all with his cultural backlift, missed a straight delivery and was bowled by Hanley. Pratley soon improved the slow left-arm spinner's figures further and the innings closed at a seemingly formidable 352.

The Newcastle openers, however, were not over-awed and with aggressive strock-play took the score to 77 without loss in the remaining hour's play. Of the six bowlers tried, none enthused, the usually dangerous Jones having 28 runs struck from his four overs.

3RD DAY

The final day proved an anti-climax.

Tarbox added only 3 to his overnight score when, with the score at 82, he was bowled by an outswinger from Jones. Hanley and Thompson then scored very slowly until the former was completely beaten by Robinson's second ball in a belated second spell, and was leg-before for a competent half-century. An off-cutter from the same bowler

removed Thompson fifteen runs later and from that stage it was only a matter of time before the remainder of the team succumbed to the hostile swing bowling of Jones. Grennan, Smith and Mendl abdicated before Cole removed the aggressive Davidson; but, after bowling two wides in the following over, the mercurial leg-spinner was "rested". Jones removed the "tail" with the second new ball, taken at 239, and UNSW had gained hard fought first innings win after an atrocious fielding display in which "over a dozen" chances had been missed.

The bowling had been persistent, Jones and Robinson sharing the honours with Cole an accessory after the fact.

UNSW then batted out time against an attack which was consistent only in its originality. In an inconsequential innings, Graham completed a "pair" in his first Intervarsity match by deflecting Davidson to Grennan at slip and Pocock played intelligently and, then with each stroke, showed what an under-estimated batsman he is.

Perhaps the highlight of the last day was provided by Andrews in playing his only scoring shot for the match in front of the wicket. He later (four balls) succumbed to Mendl who "stole" the bowling honours. The ubiquitous Robinson was "padded-up" but was not required to bat.

UNIVERSITY OF N.S.W. v FLINDERS UNIVERSITY

Played at ADELAIDE 6-8 JANUARY, 1966

A team of twelve players made the trip from Sydney to Adelaide for our inaugural match with Flinders University. The journey itself was, to say the least, depressing. The efficiency of the government railways leaves a lot to be desired and Barry Andrews must have previously savoured their hospitality when he decided to motor down. The monotonous boredom of the journey was relieved to some extent by Alan Ridley's Card School and like all good proprietors he made a handsome profit. However, the cricket itself, the wonderful hospitality of our oponents and the beauty of Adelaide made it all worthwhile in the end.

Flinders University nestles in the foothills surrounding Adelaide. It is an institution of three years standing and is fortunate in having superb playing fields overlooking the city itself.

The first morning of the match arrived and the two captains went forth to toss. Unfortunately Pratley called incorrectly and this ineffect decided the match. Sent in to bat on a damp wicket we performed poorly and could but muster 122 runs. Only a dour innings of 37 from Harry Herbert and some forceful hitting by Dave Wills saved us from ignominy. Alistair Douglas contributed most to our downfall with a fine exhibition of controlled medium pace bowling in which he took 4 wickets for 41 off 25 overs.

Flinders commenced their first innings twenty minutes before stumps and adjourned at the close of play with all wickets intact. The second days play saw Flinders gain a first innings lead of 87, due mainly to a hard hitting innings of 93 by their opening batsman Andrew Bishop. We contributed most to the deficit with an uninspiring performance in the field in which a number of catches were missed and lapses in ground fielding prevalent. At one stage our oponents were 5 for 186, however steady bowling by Pratley and Emery coupled with some indifferent batting enabled us to take the final five wickets for only 21 runs.

Our second innings began just prior to tea. We were immediately in trouble when Harry Herbert, hero of the first innings was dismissed without a run on the board. Hopkins joined Emery and together they took the score along to 41 before Hugh was adjudged l.b.w. A mild collapse then took place until Andrews and McEachran came together to see play through to stumps during which time the first innings deficit was erased.

We started the final day with our score 4-111. With the exception of a solid innings of 37 by Jim Pratley the remaining batsmen offered little resistance and we finished with the modest total of 193.

Flinders needing 112 for the outright win began well enough and reached 22 before losing their first wicket. However, wickets then fell at regular intervals until with an hour left for play they were 5 for 79. At this stage we were right back in the game. Our bowling and fielding in this innings was inspired and I feel that if we had applied ourselves in the same way throughout the match we must surely have won. In the end however, Flinders obtained their target for the loss of only one more wicket.

So we lost, but we were far from disgraced and our final effort was one that all eleven players should be proud of. This was a wonderful game of cricket which augurs well for future contests between the two universities.

Our hosts right royally entertained us and I only hope we can return the compliment in Sydney next season. In conclusion many thanks to all the members of the team for making my job as manager such an easy one.

UNIVERSITY OF N.S.W. V UNIVERSITY OF TASMANIA.

After excellent hospitality afforded the University of NSW the previous season in Tasmania, the clash at Kensington on 12th -14th January, 1969, was eagerly awaited. Tasmania won the toss and decided to bat. A wicket with the second ball of the match by pace bowler Max Jones provided him with the first of seven he was to take in the innings. It also marked the first of seven catches in the match to keeper Ron Quimn who gave a superb performance of wicket keeping. Bob Panitzki with an attacking innings of 48 runs threatened to take the bowling apart, but after his dismissal, Jones completed his analysis of '7-29 in eleven overs and Tasmania were dismissed for 121 runs in their first innings.

UNSW collapsed in reply mustering a meagre 94 runs with only Frank Graham (28) and Barry Andrews (26) producing worthwhile contributions. Jock Abey gave a sustained effort of medium paced bowling in taking 6-26 from 17 overs.

With a lead of 27 runs on the first innings, Tasmania received an early set back in losing its first two wickets for three runs, both catches to Quimn. Panitzki again proved a tough opponent with a further 28 runs but Tasmania could total only 74 runs. Greig Robinson bowled well to take 5-37 from 12 overs, whilst Max Jones took 3-12 also from 12 overs including 6 maidens.

At 2 for 18 the 102 runs needed for victory seemed a difficult target for the home side but Phil McEachran (39 n.o.) and David Wills (48 n.o.) saw it through and UNSW had won by 8 wickets in two days.

UNIVERSITY OF N.S.W. -v- UNIVERSITY OF QUEENSLAND:-

U.N.S.W. won the toss and sent Queensland in to bat on a slightly damp track. The gamble appeared to have paid off when the visitors were dismissed for a total of 90 runs. Peter Street, playing in his first intervarsity cricket match took 5-42 whilst Robinson was again amongst the wickets with 4-22.

However, U.N.S.W. failed by 31 runs to take a first innings lead in totalling only 59 runs. An inspired spell by medium-pacer Barney proved too much for the home side. This bowler took 7-26.

Queensland in its 2nd innings managed 104 runs, Pratley taking 6-22, and Robinson 3-40. This left the home side 136 runs for victory but Barney again was the stumbling block in taking 5-29. Frank Graham scored 32 and Roger Robertson 25, but these were not supported and U.N.S.W., totalled 110 runs, 26 runs short of victory.

SOCIAL MATCHES

U.N.S.W. v Randwick

For the past two seasons the traditional pre-season game with Randwick has finished with our opponents winning comfortably. This season's game was no exception; U.N.S.W. batted first and but for a 10th wicket stand of 70 by Pratley and Robinson we would have been annihilated. Our final total of 148 was nowhere near good enough and Randwick passed this score for the loss of only five wickets.

Randwick 6 for 189 (Cripps 53, Herbert 3-37) defeated U.N.S.W. 148 (Martel 40, Pratley 46).

U.N.S.W. v World XI.

Dave de Carvalho's "aging" Cavaliers (comprising veteran cricketers from the four hemispheres) assembled at the village green in order to prove that a combined total of 250 years cricket experience will overcome the aching muscles, the stiffened joints which are the legacy of old age and thrash a side representative of the best young cricketers in this university.

A thrashing is perhaps too mild an adjective to describe a game in which we struggled to 167 in just under four hours batting and our opponents in a leisurely two hour sojourn at the wicket effortlessly totalled 228 runs. At one stage the World XI's run rate reached astronomical proportions and the scorers seriously contemplated hiring a contometrist.

As you can imagine our bowling figures in an innings in which our opponents averaged over seven runs an over make interesting if embarrassing reading and a mutiny amongst the bowlers at the number of overs they were being forced to bowl (they averaged four apiece) almost saw the arrival of Wills at the bowling crease.

Looking at the game in serious light though, the batting of Don Scott-Orr, Mick Hill and from McDonald was delightful and their ability to furnish every loose ball an education. In our innings full marks must go to Peter Whalan and Graham Cole whose partnership of 97 enabled us to achieve a reasonable total.

World XI 8-228 (Scott-Orr 88) defeated U N.S.W. 167 Whalan 61, Cole 51 N. O. O' Sullivan 5-32).

U.N.S.W. v Waverley.

At Waverley Oval, U.N.S.W. was well and truly beaten by Waverley District Club. The home side batted first and their innings was declared at just over 200 runs with many sixes having been despatched. Of the bowlers, Garland showed best form. Unfortunately the Universitie's team performed dismolly against the excellent spin bowling of former State representative Gamini Goonesena. The visitors were treated to a day of excellent hospitality.

U.N.S.W.C.C. v ROYAL MILITARY COLLEGE, DUNTROON

We travelled to Canberra for what we hope will be the first of many matches against the Royal Military College.

Royal Military College won the toss and elected to bat. Their batsman obviously short of practice performed poorly and they were all out for 81 of which their Captain, Peter Abigail contributed a hard hitting forty seven. Pratley and McEachran performed best with the ball whilst Captain Wills took the opportunity to have his first bowl of the season.

In reply we did little better. At one stage we were 8 - 71, however, Geoff Garland and Greg Robinson then guided us to victory and in the end we totalled 95.

The extremely low scores could not be blamed on the wicket which is the best this writer has played on for a number of years. The hospitality of our opponents was without fault and I hope we can return the compliment next season.

U.N.S.W.C.C. 95 (Taylor 25) defeated Royal Military College 81 (Abigail 47 Pratley 4 - 6 McEachran 3 - 8)

AUDITORS REPORT

I report to the members of the University of New South Wales Cricket Club, that I have examined the accounts and records of the club for the year ended 31st May, 1969. My examination included such tests of the club's records and such other auditing procedures as I considered necessary in the circumstances. In my opinion the above statement of Receipts and payments represents a true and fair record of the club's transactions for the year.

J.T.HALL
Acting Auditor
Sydney: 18th July, 1969.
