PRESIDENT'S REPORT

The past season was a period of rebuilding in the Club. We lost four experienced first grade players through retirement or injury, which made a significant dent in the side. The most pleasing aspect of the season was that the young players who replaced them performed extremely well, with the result that the first grade side did better than we expected when the season began. This, and the success of the second grade side in reaching the semi finals, augers well for next season. Lower grade sides continued to be a disappointment and a considerable amount of thought needs to be given to the need to restore these sides to the strength of earlier years.

The Management Committee functioned effectively during the season, though it was disappointing that once again few undergraduates were deeply involved in running the Club. We need to ensure that undergraduates with the drive to work hard at the management of the Club come forward each year.

I would like to express my thanks to the many people who have worked hard to ensure that the Club was smoothly managed. In particular, Leon Darmody, Elvin Robb and Mark Sample deserve our thanks.

This is my last season as President after a period of seven years. I have enjoyed my cricket with this Club enormously and will continue to be available in some capacity or other in the years ahead.

John Ingleson.

EIRL GME FEUN

During the pre-season training sessions it became obvious that the side would contain a large number of new players and those new players would hold key positions. Seoff Lawson would only play two and a half games. Paddy Grattan-Saith was a doubtful quantity as a result of injured (euphemise for old) knees. Peter Bishell retired, Jim Robson was overseas for the first few games and Dick Pym was troubled by injuries too numerous to mention.

The players who filled the gaps did so with distinction. Jamie "Cory" Baker developed into our number one spinner, 23 wickets at 24.2 and claiming the bowling award for 1st grade, is testimony to the improvement in his bowling. More bowling both at practice and in games can only lead to greater control, especially under pressure, and he will learn when to introduce variety into his bowling. More wickets will come with more bowling. His combination with Greg Livingstone resulted in two century opening partnerships and three others over 50. Greg had his best year yet, scoring 655 runs at 46.75. His 201* against Waverley is a club record which should stand for some time. Greg thoroughly deserved being awarded the trophy for Cricketer of the Year.

The bowling attack was definitely depleted following the retirement and unavailability already mentioned. Jamie Baker and to a lesser extent Jim Robson, helped plug the gap in the spin bowling department.

Tony Pratt and David Gallop forced their way into the side during the season. The experience gained during this season should see them regularly taking wickets and scoring runs. Tony's effort against Manly taking 6-56 showed that he has the ability to be an attacking medium pace bowler. David Gallop was, by the end of the season, bowling accurate fast-medium and out-wingers. In his last four games he took 8 wickets at 24, a promising sign.

Glen Eades and Peter Jourdain in the first game of the season were the best batsmen that day. Unfortunately, Glen went to "that wedding". I've no doubt that he will force his way back into the side in the near future. Peter when batting at 5 or 6 proved he is more than able to hold his place in the side. If he bats there next season, he should have a good year.

Michael "Stan the angry young man" Back added much needed youth and he finished the season with 22 catches and 1 stumping, a little older, more experienced, and thankfully, much calmer. If he can learn to relax while in the field, his 'keeping will improve above its already high level.

More consistency will be needed from the "more experienced" members of the side next year. Unfortunately, apart from those players already mentioned, good individual performances were not put in week to week. Jim Dixon with his batting also escapes this criticism. A little more consistency from all players should result in a spot in the semi-finals.

One last word from the scorer: Jungle's appearance in the bowling analysis proves the adage that bad balls get mickets. Thanks Tom for the statement and the much appreciated assistance given by you throughout the year.

STEPP CHEE BEING 185/66

The 1985/86 season was a successful one for Second Grade. Mot necessarily as a result of reaching the semi-finals but from the teamfork and commitment that built up in the latter part of the season especially. There were some extremely good individual performances but, at the end of the day, it would be more accurate to describe the years highlights in terms of team performances. Especially noteworthy are the performances in the final games of the season, notwithstanding the result in the semi-final, when a win was essential but by no means certain. Yet the team maintained its commitment through some frustrating moments, such as being pounded all over the park by Mosman's middle order after we had batted on a minefield, to take the opportunities that came our way. This was the distinguishing feature from 2nd grade teams of previous years.

Of course, although the year was highlighted by "team" success there are a number of very praiseworthy individual efforts. Firstly, there was Marold's betting (or mathematical slogging - block & slog I - as some purists have suggested) which often added considerable substance to an otherwise modest score. Such a case was Penrith where he steadied the side after a very shaky stant to the second day and went on to thoroughly demoralise his brother's side. His partner on that occasion was Spring, who demonstrated with that innings and the ones against Mth. Sydney and Mosman, that he is a player of great skill when he maintains concentration. Certainly, the club will have a great asset in Springer if his batting developes to the same extent as his off-the-cuff remarks.

While still on the batting, Mark Delgigante showed he is on his way to bigger and better things if he can organise himself to stay in Sydney long enough to complete another season or two. Certainly, his lone hand in the semi-final was an exceptional knock in the face of total collapse. His bowling is more than useful and his fielding eleast up to the standard set by Spring, which is extremely demanding. Also, Jack and Wig our two "experienced" players showed their class and, dare I say it about Jack, their consistency over the year. Their steadying influence was also felt in the field with timely comments and occasional staggering feats of apility and juggling from such semi-retireds. Finally Johnny Sackatt rates an honourable mention for his job in keeping our tail afloat on many occasions and often putting some sting into it. His baseball background often showed through in the last half hour, especially in the fading light of the late sugmer.

On the overall team performance I think if there is any deficiency which should be commented on. It was our lack of sufficient finishing in the field. So often we would gain a breakthrough but fail to apply sufficient pressure on the following batsman to clean up. We also had difficulty on various occasions getting an early breakthrough. As can be clearly seen from our bowling statistics we had a number of contributors but, with only one bowler getting over 20 wickets, it was hard to be as penetrative as seems necessary to rid some of those late order partnerships or long middle order digs which can be so demoralising. Hopefully Dave "Quincy" will continue the rapid development he showed toward the end of the season to fill this gap.

Anyhow, notwithstanding the frustration of the many rain-affected days play, it was a most enjoyable season and there were many highlights. Whatever 1986/87 holds it is hoped everybody enjoys their cricket to the same extent as this season just past.

THEO GAVE PEPUT 1955/EX SASIN

Following a strong run home last season, the stage was set for a big performance from third grade during 1985/86. Heedless to say, the results (or lack thereof) did not eventuate. In fact, the statistics of this season tell the real story:

- and the skipper.
- a only two bowlers captured some than 10 wickets the ever reliable Robo and Peter Watkins (in the final game of the season).
- * the perennial problem of "player turnover" was evident once again more than 30 players lined-up in this grade throughout the season.

Reflecting back on the year, one can speculate about reasons for our poor performance, such as:

- * a lack of real commitment from higher-order batsmen to spend time in the middle and wait for the right ball to attack too many "millionnaire" shots were played.
 - * an inability to break-through the batting order of upposition teams.
 - * as the season wore on, some players even found it difficult to arrive at games on time !! no further comment.

New for some highlights of the season:

- 1. Marty's 76 against St. George was a real skipper's knock and, had he not run-out of partners, could have lead to a memorable victory.
- 2. Phil HcMamara's scintillating bowling display versus Penrith, involving a large range of deliveries, is worthy of mention.
- 3. The last wicket stand between Grieg, "cool as a cucumber", Robe and yours truly, who nearly lost the game, must be included. It was our only victory (Penrith) of the season a fine "grundling" effort Robo.
- 4. The masterly batting of Jock and Sandy against Fairfield left the opposition bowlers with sunburnt mouths what a hammering !!
- 5. Clayton's "solo" innings of 85 versus Campbelltown demonstrated what batting in third grade is about tight defence and waiting for the right delivery to attack.
- 6. The agony of a final over loss to Hosman told on every player's face as we left the field how unlucky can a team be!!
- 7. Chook's contribution against North Sydney (59) was reminiscent of the batting display he showed versus Gordon last season.
- 8. Pat's half-century against Gordon, facing a mean young quick, was delightful to watch as was Peter's excellent bowling performance (6-64).

WAT OF THE CONTROL SEASONS

Looking at the suggary of our statistics, opposition teams scored ten runs per wicket more than we did during the season. It becomes obvious that our third grade side needs a genuine fast bowler to blast through, an opponent's line-up. To complement this, we must attract battaen who will not throw-away their wicket playing the wrong shot to a reasonable delivery.

One aspect of our cricket that should continue next season is the team training session once a week. To those who continually turned up for these sessions this year, I extend ay thanks for your dedication.

Whilst preparing this report, I still believe that the University's third grade side should give the competition a real shake each season. As stated in last year's report, I again extend the challenge to yourselves that we learn from our experiences during the season and turn the competition table upside-down (literally) in the coming year. As a skipper, I wish to enjoy my cricket and believe that "winning" games is the ultimate way of enjoying the game. Looking forward to seeing you at pre-season training with renewed enthusiase and commitment towards the season ahead.

Leon Darmody

P.S. Thanks must go to those club members that assisted with administration during the season. In particular, I wish to acknowledge the efforts of Elvin Robb and Harty Palin.

FURTH GIASE FETAT

The University of New South Wales 4th Grade has, in the season past, continued to do injustice to itself. To win only three (3) matches (two being the final two) with the sides we fielded and, more particularly, from some of the sound positions that we placed ourselves in, is unacceptable.

In last years report I used phrases such as "the application of our players was often less than that required", "two or three players did the job needed but the remainder of the side showed little fight" and "all players must realise that a side which can exert pressure and withstand pressure will win almost all its games". Unfortunately all these statements are just as applicable now as they were a year ago. The same inadequacies are still apparent. Players must recognise the fact that cricket is a team game and it requires the individuals to play as a team in every game for a side to be successfull. Ferhaps my successor will be able to get this through to his players better than I have.

Turning to the facts and figures from the season, it is obvious that we fielded capable personnel. Good averages to several players indicates the talent that they have. Generally there was little consistency, however.

The team performed better than our opponents on a runs per wicket lost basis. Scott McCoy, Mic Dowd and Don Dixon performed creditably with the bat while newcomers Chris Duffy and Danny Roper played some exciting knocks. Steve Debello appears to be starting to attain his bowling potential and was well supported by Rob Stark. Steve O'Brien and Andrew Clements. All these players are capable of higher grade success.

A special mention must be made about our wicket keeping find - Jim Wilcher. He took some splendid catches behind the stumps and to collect 14 catches and a stumping in 6 matches is record breaking material. The coupling of his batting with this new found skill makes him a valuable player for the future.

Finally I would like to thank all those people who have assisted me in my two and a half years as captain. Success has been hard to find but, on the whole, I have enjoyed myself. Now its time to give someone else a go.

Elvin Robb

- Round 1 U.N.S.W. 190 lost to Randwick & (dec) 300

 Randwick escape from 5/160 after some fiery bowling by Rob
 Stark. We collapse after 91 run opening partnership (Robb
 74, Martin 20) with only McCoy (26) making any significant contribution.
- Round 2 U.N.S.W. 8 (dec) 247 drew with Hawkesbury 4 144.

 Rain on 2nd day robs us after McCoy (53), D. Dixon (44) and
 Hartin (29) put us in a strong position.
- Round 3 U.N.S.W. vs Sutherland washed out.
 Not a single ball bowled due to rain on both Saturdays.
- Round 4 U.N.S.W. 9 (dec) 274 vs St. George washed out.

 Rain ruins the third match in a row. Chris Duffy makes his ath Grade debut with 86 and together with Dixon (42), McNamara (34) and Gray (32) amass a sizeable total. St. George make a very early cancellation call on a beautiful, dry day.
- Round 5 U.N.S.W. vs Waverley washed out.
 The weather strikes again.

- Round 6 U.M.S.W. 6 114 defeated Parramatta 188.

 Finally the win we deserved. O'Bries (3-16), Gray (3-32) and Debello (2-18) humble Parramatta. We are struggling at 3/20 but Robb (47) and McMamera (23) steady the ship.
- Round 7 U.N.S.W. 103 lost to Penrith 144 and 8/42.

 Stark (5-34 off 23 overs), O'Brien (4-52 off 26 overs) and Clements (0-3 off 10 overs) mesmerise the Penrith Datsmen. From 2/33 we collepse to 103 all out. An example of how to loose a game you shouldn't. The Penrith skipper's idea of batting practice at 4.00 p.m.at Penrith on the second day is met with hostility; Woodley (3-15) leads the way.
- Round 8 U.N.S.W. 8/142 drew with Fairfield 9 (dec) 185.

 The fallacy of playing non-limited over one day games is clearly illustrated when we face insufficient overs to win. Debello (4-43) and Dowd (3-45) are the most successful with ball and Clayton Jones (35) and Jim Payne (27) with the bat.
- Round 9 U.N.S.W. draw with Horthern Districts 240.

 Rain washes out the second day after we let H.D.'s get away the previous week.

 Robb (3-63) and Joyce (2-25 off 20 overs) are the most successful.
 - Round 10- U.N.S.W. 83 & 4/82 lost to Campbelltown 97 & 2/195.

 After doing all the hard work the bowlers are let down by the betsmen. Maly (4-35) and Debello (2-33) lead the rout but only Danny Roper (33) in his fourth grade debut gives any support. Roper produces a fine double with 43 in the second dig.
 - Round 11- U.M.S.W. 231 lust to Mosman 9/232.

 Another one messacred. McCoy (92) and Dowd (65) get us to 3/192 before the traditional collapse. Clements (3-07 off 29 overs straight) and O'Brien (5-96) give their all but dropped catches let Mosman escape from 0/171. How many times will this happen?!
 - Round 12- U.N.S.W. 121 & 4/161 lost to Hamly 3/169 dec.

 Gray (30) and HcCoy (22) show out in another pitiful performance. Debello (3/45) tries hard but has nothing to bowl at. Dixon (93) and Robb (36) show how it should have been done the first time.

 - Round 14- U.N.S.W. 8/318 dec. defeated Gordon 236.

 Asszingly we put it together twice in a row. Dowd (120).

 Murray (46). McCoy (41). Duffy (34) and Phil Watkins (20% including a six that cleared the pavillion by 20 metres) seesh them and Watkins (3-65) plus part-time spinners Robb (4-66) and Clark (2-4) bowl them out.

FIFTH GRAVE REPORT

A slow start, encouraging mid season but a disappointing finish perhaps best suggarises the Fifth Grade season. We finished tenth having won four games, lost four and drawn three.

Some of the more pleasing aspects of the season were:

Our bowling was far more penetrative than it has been in (1) recent seasons - this was reflected in the fact that only one team scored more than 250 against us throughout the season. In earlier games the attack was led by George Elmassion and Phil Watkins and in the later games by Jim Orchard and Robert Mitchie. John Joyce was the leading wicket taker with 15 wickets and bowled well throughout the season.

We made better use of the very good wicket at David Phillips (ii)South - it was only in the last game of the season that we

were beaten at home.

Notwithstanding that an excess of 30 cricketers played Fifth Grade during the season, our competitiveness and team spirit was always good.

Highlights of the Season:

v Randwick - on a terrible wicket at Snape Oval, Chris Duffy (a)

top scored in both innings with 39 and 66 respectively.

v Parramatta - after having been sent in on a lively wicket, (b) in a one-day game, we recovered from 7-48 to at least get 120, thanks to a 71 run partnership between Jim Payne (57) and Andrew Clements (22). Fine bowling by George Eluassian (4-17) and Andrew Clements (5-33) resulted in our first win of the season. This game also revealed the keeping skills of Sigon Barrow who took 5 very good catches.

John Joyce bowled well and more y Penrith - another win. (c) importantly discovered a new trait - he dismissed some batsmen (3-70 from 30 overs). Staye Palin top scored with 70 and Denis McNevin played stylishly to finish with 56.

v Fairfield - the floodgates having opened, John Joyce took (d)5-61 from 30 overs of tight off spin bowling. This game will be remembered by the fact that in a one-day game Fairfield managed to bat for 86 overs before finally being dismissed at 4.00 p.m.

v Northern Districts - Danny Roper destroyed the opposition (8) attack to score 167, a Club Fifth Grade Record. At the end of the first day, M.D.'s were 2-3. Only for rain to prevent

play the following week.

v Campbelltown - Denis McNevin once again revealed a fine (†) array of front and back foot drives to top score with 71.

v Mosman - for his first 15 overs, John Joyce bowled (g) magnificently (3-16) his best bowling of the season. John Carmichael (100) and last three overs will be ignored. Tony Stewart (76) led us to a nine wicket victory with a record unbroken second wicket partnership of 171.

y Manly - Peter O'Donnell smashed three six's and 9 fours in **(h)**

a whirlwind 66.

Thank you to all those who played Fifth Grade during the season for their efforts and support.

D SAMES 185-1864 SEASON FERMI

1985/86 was only a moderately successful year for our first entry into D. Shires for a number of years. About half the teams in D Shires are of very similar standard to Fifth Grade. Nost of the others are of a slightly lower standard.

During the year, Wales fielded teams of a wide range of strength. Early on, our teams were balanced and strong enough to perform well in 5th Grade: However by early November, as the exams and holiday exodus began, the team standard had fallen mainly in betting and fielding.

We finished the season about helf way down the table and were unlucky with the draw. We missed playing the two weakest teams - Strathfield and Lane Cove.

A couple of matches were quite close and there were really four matches where our bad catching was the deciding factor in losses. You cannot really miss ten (10) or eleven (11) chances in a match and still expect to min.

"Captaining the D Shires Team is not easy. During the season we used thirty nine (39) players, but on a few occasions did not manage to have eleven (11) players on the field!

There are usually a few exciting absents in the dressing room before games, as the Captain checks off his list and identifies last minute replacements. This did not happen too often and I must congratulate Elvin Robb on his performance as Team secretary - the ultimate in thankless jobs.

During the year three hardy souls had turns at Captaining D Shires - Mike Gragg; Craig McIntosh and Alex Taylor.

I sust close with three (3) pleas.

Firstly, that some trial match, such as the traditional 5A Versus 5B match be played.

Secondly, that players who do perform in D Shires be given a chance in Fifths. Uni needs the Sixth Team to keep a supply of replacements available. If players feel buried, it is hard for them to stay motivated, or in some cases, stay at all.

Thirdly, that the club try to get a full season commitment from more players. It seems ridiculous that the teams graded rarely even get on to the field once. Players drop out from Round One. It is very hard to win competitions with constantly changing teams.

D Shires is a competition that our Sixth Grade side should be quite capable of winning, and with slightly stronger batting and even just competent catching, 1986/87 could be the year.

NOTES ON PLATERS (Six or sore satches)

DAVE BELL

A good bowler capable of excellent tight spells. Some of his comments even more devestating.

JOHE BARFORD

Competent behind stumps with thirteen (13) dismissels in nine (9) games.

SREG CLARKE

. Bowled tighter this year, but lost a little

penetration.

MIKE GRESS

When will he get a wrong 'un?

SAN GUIRGIS

Useful bowler with a good leg cutter. Needs to think and plan attack more. Good fielder and goer.

DAVE MALOUF

Sowled with good results on two occasions. Nee

."

street directory and alarm clock.

CRAIG MCINTOSH

Grafting bat, who never gives up on any pitch or in any situation. Useful bowler and fielder.

BILL MCKAY

Solid batsman and good conversationalist at slip.

IAN MURRAY

Excellent year with 296 runs at just under 50. Excellent fielder. Would not disgrace Club in Fourths or Fifths.

JOHN PACEY

Bowled well early with good line and movement. Safe pair of hands.

HALLY REYNOLDS

Batted well and bowled competently on hearly every occasion. Good team man and good at guily.

ALEX TAYLOR

Still technically one of best batsmen in Club. 216 runs, despite slow start. Unbeaten as Skipper.

HARTIN SPEISER

Couple of useful innings. Needs confidence and fielding practice.

WITH FERRIS

ROUND 1 VERSUS EFPLING 1

Uni sent in at D.P., and held to 133 after being 5/159. Rocket Murray 29, John Carmichael 77 and Dennis McNiven 27. Epping 9/264 aided and abetted by half a dozen missed chances. Siri Varatharajan 3/52 off 26, Mike Gregg 3/37.

ROUND 2 VERSUS BURNOOD

Fielding a well balanced side, we beat the eventual competition winners. Sent in again, we scored 230 off 55. Rocket a smashing 82, Jeyan Jeevarathnan 33 and Hally Reynolds 26. Tail wagged with Mike Gregg 25 and Giri 20 not out. Burwood 177. John Pacey excellent bowling 5/41. Hike Gregg 3/43.

ROUND 3 VERSUS WENTWORTHVILLE

Sent in on a soft green top. Chemical 36 not out and Tony Stewart 38 not out, cruise to 0/76 in an nour. Then rains for a week and only further activity possible is the devouring of Wenty's Granita biscuits.

ROUND 4 VERSUS EPPING 3

Uni batting first could only muster 193. Rocket 54, Alex Taylor 25, Billy McKay 56 not out. He bowled with lethargy and lack of length. Plus another case of dropsy. Epping 6/195. Glen Eades back from Firsts in the reverse of Peter Nodd's 1984 move, takes 3/48.

ROUND S YERSUS MACGUARIE UNI

Hacquarie elected to bet on a pitch where Tony Greig would less his carkeys. Hacquarie rolled for 110 (9/75 and lest man dropped). John Pacey 4/30. On the same track (two hours older), Uni declared at 4/167. Rocket 91, Butchers his ton with a run out. Dennis HcHevin 37 not out. Hacquarie better the second time with 153. Dave Bell 4/34 off 17. Needing 100 odd in an hour, anxious moments before Craig McIntosh hits winning runs with 8/down. Good fielding by the whole team in this match (only one dropped) and Welly Reynolds 4 catches.

ROUND 6 YERSUS LINDETELD

Wales scores 155 on track by Bunlop. Wally R 44. Lindfield 156 after being 9/137. Catch of the year by Alex Teylor. Fine bowling by Dave Bell with 6/21 off 16.

ROUND 7 YERSUS AUBURN

Uni tries a change of tactics and win a toss. Auburn 8/126. Andrew Vietri 2 and Mike Gregg 3 wickets. Craig McIntosh good bowling, but no luck. Catches go down again as does Gallo when an Eric Groth look-alike neatly places a scorching square cut into the area where Gallo's legs join. Many have seen Gallo green, but never before "scorebook green". Uni put in the season's worst performance to total 63. Craig McIntosh stands alone betting nearly throughout with 19 not out. Following cn - Wales 3/104, Bill McXay 43, Mike Gregg 32. Ho second prizes!

ROUND 8 YERSUS CANTERBURY

Uni bat and plunder 249 off 55. David Them a great 111; Martin Speiser 34, Slasher 29, Craig McIntosh 34. Centerbury reply with 114. Dave Bell 3/15, Mike Gregg 3/8.

ROUND 9 YERSUS EPEING 2

Epping 224 with Cameron Brooks 5/48. Support from Gree Clark 2/41 and 'The' Welly 3/27. Uni 0/16 and set for crushing victory, but thwerted by deadly rain/groundseen combination.

ROUND 10 VERSUS ROSEVILLE

Another close one. Uni bat 9 and score 99. Graig McIntosh 37 and Andrew Vietri 22 not out. Roseville reply with 105. David Malouf an amazing 5/10. Uni attack and declare at 9/156. Wartin Speiser 48. Roseville stonewall to 4/77 with Craig McIntosh bowling excellent line and length (2/18 off 11).

ROUND 11 YERSUS BAULKHAM WYLLS

The one that got away! Batting first, Baulkham Hills are 7/66 with Robert "The Rookie" Hitchie 5/54. They recover slightly to 9/283! Esting 10; Uni 9/106. David Bell 28 and Craig McIntosh 26.

ROUND 12 VERSUS WARRINGAL

Sent in yet again, Uni 217 in solid team display. Rocket 35. Hally 50, J.B. and Greg Clark (24), but intelligently and add 46 for the tenth. Harringah 262 with Uni missing eleven chances. Several bowlers announce retirement after the game! One player risks grievious bodily have by asking for a bowl after dropping a number of catches!

ROUND 13 VERSUS PENNANT HILLS

The big names return - Messrs. Epstein, Ingleson and Jacobs (alphabetical and not necessarily order of greatness). Pennant Hills win the toss and score 199. All four bowlers do well. San Guirgis and Dave Malour three wickets each, John Ingleson bowling with no luck for 1. Mike Burden takes honours with 3/27 and shows he will be an asset to the Club in the 1986/87 season. Alex Taylor a solid 42 and Tony Epstein a hard hitting 95, takes wales to Victory at 8/221.

ROUND 14 VERSUS EPPING 3

sent in Uni 169. Dom Fitzsimmons 26, Mike Burden 40 and Alex Taylor in fine touch with 55, shows how he will bat in 1986/87. Andrew Vietri bowls the final over with Epping 4/162. They finish at 6/164, giving Uni a good win to close 1985/86.

U.N.S.H. POLIEVIN GRAY REPORT 1985/86

This P.G. year was successful for a number of reasons, basically because we won the first game for the club in P.G. for the past 4 years. Also, there was some encouraging individual performances. The majority of players were either playing 4th or 5th grade and with a bit of confidence and good team spirit, they lifted their performances to a higher level.

We only played 3 out of 5 games from the season, as I was a washout and the other a ground mix up and both teams ended up at the other's home ground.

In the first match we played Wests at Pratten Park. We betted first and got a respectable total, unfortunately Brad McNamara for Wests scored a century and steered Wests to victory. This game turned out to be a small let down as we came so close to victory against a pretty strong side.

In light of this performance, the result against Belmain was very disappointing. He were all out for 108 and Balmain passed us 5 down. With the team still determined to post that elusive victory we played Petersham at U.N.S.W. This game produced the memorable victory led by some great batting by both Pat Crammond and Michael Dowd who scored 70's and also some fine bowling from Steve O'Brien who captured 5 wickets from his 10 overs.

The last game of the season was scheduled for the University of Sydney, but was unfortunately washed out and we would have been favoured to win. Possibly we could have capped off the season with 2 wins out of 4.

Throughout the 3 genes, some sterling individual performances were handed in.

<u>Batting:</u> Pat Crammond scored one 70 and one 50. Michael Dowd produced some exesome power in compiling a good 70. His flashes of brilliance was also shared with some "aggressive" running and fine "ball control".

I thought Andrew Szalo's batting improved as he gained in confidence and if given his chance he could improve his grading.

Rowling: Our main strike bowler was Steve O'Brien - from 3 games he took 8 wickets. He bowled with great confidence and it is a tragedy that he doesn't get the same opportunity in grade.

Both Andrew Clements and Michael Dowd bowled economically and accurately while George Elmossian bowled at a higher level than 5th grade, which was extremely pleasing.

I found that our bowling, which I originally believed could be our weak point, turned out to be more than creditable and hence proved our strength.

Floater's fielding was always of a high standard and it was a pleasure to have the reliability of Michael Back as wicket keeper. Knowing you have someone reliable behind the stumps, not only gives the captain confidence, but the bowlers great confidence.

Overall it was both a pleasing and successful season.

I wish everyone good luck in the future and good cricketing.

Jemes Large.

SUHHARY

Hestern Suburbs v U.M.S.W.

159 (50 overs; P. Cramsond 57, G. Eades 40)

10st to Hests 160 (47.5 overs; A. Clements

1/15 off 10 overs).

Balasin v U.M.S.W.

Lost by 6 wickets.

Stuff-up, harshly imposed forfeit.

Petershap v U.M.S.W.

Won by 60 runs.

Sydney Uni v U.M.S.W.

Hash out.

HE 1936 COMINY TUR

After a great game against fixford Cambridge and a first grade one day fixture v Bankstown, the 1986 Country Tour was due to leave the next day. So due to the tremendous social pace that had been set in the preceding days, as well as the odd game of cricket it was with heavy heads that the core tourists set off for our first town to the State's Central West. Taking in some U.M.S.H. nurseries such as Peak Hill (home of Springa) and Dubbo (birthplaces of now household names of Quinlan, Turner and McKay) in the assembled bond of '96 tourists were the old pros (such as Harold, Wilcher, The Floater, Jungle) the rookies (Birchy & Wally) as well as the tourist's tourist Clayton Jones Esq. After this handy band had set out other tourists would flock to the Central West by road, rail and plane, such as Big Pales, the bookies friend and young Steve Debello, the fiery-quick. Other tourists such as Orca went home for a few days after the Oxbridge game to gather themselves for full scale touring again and joined the tour later on, as did our celebrity tourist James Baker, fresh from triumphs for Combined Uni's.

I hope this introduction has wet your appetite for the stories to follow, but first I must take this opportunity to inform you that no expense was spared in bringing this years report, no less than five journalists were sent to cover this annual pilgrimage. The first day saw the drive to Dubbo and the obligatory game of golf at Royal Dubbo. With Bill McKey's description of the 1st hole still ringing in our ears, the tourists set out to burn up the course, with Harold gaining some notoriety by combining his new love of scuba diving and golf in the early holes, with the help of a local's swimming pool.

The next day saw the awasome task of tackling a Park Hill XI led by our 1985 Barn Turn winner Peter "Springa" Scolari. It is here I turn you over to a young Peak Hill scribe, who seems to see the game as a personal battle between those cricketing giants of U.N.S.W., Springa and Harold Holt.

The Peak Hill Ketch:

The first country tour match against Peak Hill although one-sided turned out to be a memorable game. Uni lost the toss and were asked to bet on what could only be described as a micket with "more grass than the whole griffith area". Not only did the batsman have to put up with this, but the bowlers were assisted by the infamous "Nullabor Doctor" whose dust producing capabilities made sighting a cricket ball very interesting.

Clayton was pagnificent in scoring 50 in these adverse conditions. Despite the heavy outfield he was still able to call "several" on #*" occasions.

The other highlight of the innings was an enormous Zac by Marold off Spring's bouling, which promptly caused the locals to shift their cars.

Peak Hill chasing approximately 120, were confident of achieving their target when Harold let loose with a vicious opening spell. Having earlier punished Spring's bowling, Harold continued to show Spring no mercy by serving up a huge leg cutter. This pearler of a delivery caught the edge flying to second slip where Larry Carmichael took a great reflex catch.

Upon bundling Peak out for 60 stumps were drawn and story-telling and beer-drinking was adjourned to the Clubhouse Hotel.

Editor's Nota:

It was in the Clubhouse Motel that many tourists noted the similarities between Scolari Snr and Scolari Jnr, both in mannerises, dress, but especially speech patterns. Our thanks to Mr. Scolari and Peak Hill for a most enjoyable same. Now on to the social event of the tour, the Dubbo B & S, who could I possibly get to cover this event, none other than James Robson, U.M.S.W.'s answer to Clive James, but on reading his article I am sure it must have been written watching Sillatte's Great Moments in Sport. Anyway I think he has captured the mood so here most.

THE DEPO B. S. S.

between 5 p.s. and 8 p.s. on New Year's Eve. 1985, the place to be seen was definitely the Amaroc Hotel, Dubbo. What a mixture of talent was on display in the front bar!

The exotic atmosphere in this public house must have been similar to that in Paris in 1970, when Dennis Ward "chipped ahead" for Graece Langlands; or equivalent to that brisk day in Sydney in 1965 when Boycott and Barber; the Warwickshire stylist; accumulated 234 opening partnership. Yes, these three events could be considered highlights of post-war sport.

After a scintillating victory over Peak Hill the University lads were in high spirits, especially when word filtered west of Regal Native's trackwork: The bar echoed with stories of what was going to eventuate that evening at the famous B. & S. Ball. A big country file crew were expected!

Hen were deciding on tactics for the night. How would dividends be obtained - through a tough no-nonsense Peddy/Kyogle approach or through a smooth, cool, fast-talking tourist approach. Wally Reynolds, the new recruit looked a likely prospect. He was unknown to meny and a favourite to succeed - no one could "cruel" his with past history. Mick Sack with his G.P.S. experience looked in form. The match hardened Palin-Palin-Holt-Wilcher connection would certainly not tire no matter how hard the task. Homen would be lucky to escape in their direction. Clayton and Phil would make sure of that.

The Caraichael brothers had big reputations to live up to and when Scot's Collage assistance from James Robson their Paddington experience was sure to cause havoc. Larry Chemical no matter how much out of form can always manage to play himself back in. Micky Diablo and Eldine Robb were trialling like young Glenn Turner's and hoping for Yanburn Holder performances. No long johns were required. Slick Nic Prattent had been practicing his best opening lines.

Floater O'Donnell had confessed that afternoon he was so nervous about the 8. & S. Ball that he hadn't slept for two nights. Neugher's video collections came to a halt in anticipation of big evening, whilst Springer Scolari's next 24 hours were the greatest of his brief career with the club.

Haw did the S. & S. Ball go - remember - no TOUR STORIES!

Editor's Note: Without

Without giving away the whole story honourable mention must be given to Wally and Larry for their performances in bringing home the bacon. Turning to the next day and our next guest journo is that social drinker and country town lover Martin Palin with his eloquent scribblings on a day at the races.

GILGANDRA PICNIC PACES

Picnic races on New Year's Day seem to be turning into something of an institution on tour, what with Nallabadah the year before and Gilgandra this year. The troups arrived neaving their "bee hives" to a man, and all looking hungry to add to their now rather depleted supplies of drinking money. A hot tip in the first race was "Kate's Ambition" and with Springer's girlfriend Kate in attendance it firmed as the sentimental favourite as well. Unfortunately "Kate's Ambition's" ambition had been confused with her ability and she tailed off to run a distant last.

In the tradition of former race-day coincidences, it so happened that Jungle's horse "Foreign Diplomat" was running in Melbourne that day, and the "bee-hives" rushed the bookies in a plunge, the likes of which had never been seen before at Gilgandra. The collective cries of anguish as "Foreign Diplomat's" odds continued to blow-out after the plunge proved pointless, as it also tailed off to run a distant you know what.

So the day was a good "drink" but as the runners charged past the post for the last time, not too many of the squad had that winning grin on their faces. That disappointment turned to acute embarrassment when the race-caller at the course made the following announcement:

"Just a reminder folks that Gil's first day/night game is on tomorrow at Gilgandra Oval, when the locals take on the boys from the Uni of New South Wales. Captaining the Uni team will be Australia's premier fast bowler Geoff Lawson, so the game will provide an ideal opportunity for cricket lovers to see the great man close up. Should be a great night!"

Now every member of the squad knew that at the time, Henry was involved in an arguably more important engagement than our country tour, that being an appointment with a doctor at Prince of Wales. One place he definitely wasn't going to be on the following night was Sil' oval.

The reaction of the Uni boys to this announcement made it clear that all had immediately imagined how embarrassing our arrival at the oval was sure to be. It was sort of a collective and strangled "aaarrrghhh...". Some choked on their beer, while others simply turned their hand around their can, so that they were now drinking over their index finger rather than their thumb. [The editor makes no apologies for "in-jokes" that's what touring's all about ...]. Just at that moment, Big Steve Pales arrived at the track after hitching a ride from Dubbo, and the entire squad spontaneously turned to him as if he was the God-send they all craved and began to yell "Henry!, Henry!, you made it, Oh fantastic, Hey guys, he's here, he's here!!..."

As it turned out the day/night match in Gil' was a sensation, even though it was an M.H.F. (Mon-Henry-Function), and I for one will never forget it.

Editor's Note: So over to that noted pastronomic gournet Greg Holt, for his description of the historic game against Gilgandra.

CILGNOTA PATIN (DAY/MILHT) 200 JANUARY 129%

He were confronted by many options on the morning of the 2nd January. Some chose the tennis option, some the sleep off the hangover option and others the yabbying option. The sight of eight city slickers waist deep in mud chasing yabbies was something to behold. Gilgandra's first ever day/night cricket game was due to commence at about 4 p.m. (or something like that) so some leisurely hours were spent in the pub. Many thanks to our hosts, Robert Wallace and Diane.

U.M.S.W. won the toss and sportingly chose to bowl, meaning we would be batting under the fierce glow of four 100 watt globes and two flourescent tubes (although these were intended to light the entrance to the toilets). Gilgandra were dismissed for 100, the highlight being a dashing 30 from their 37 year old number 10, who was playing only his third ever game of cricket. He took to Jungle's bowling as if he had been playing all his life. Three days earlier Jungle had figures of 10-3-22-2 v Bankstown 1st grade (Editors note - yes I was there and still can't believe what I saw), today he had 3-0-30-0, v a guy who had played three games in his life. That's consistancy!

Because the Silgandra innings finished a little earlier than planned, the now infamous four hour break between innings took place, while we waited for it to get dark. Our hosts put on a convival B.B.O., while the large crowd simmered for action, after about 5 beers, losing his glasses at Dubbo B. & S. and batting under the equivalent of helf a dozen altar candles, Wally Reynolds understandably struggled a bit. A delightful 50 from Spring (obviously well adapted to nocturnal activities) and some quality slogging from Jim Wilcher saw U.N.S.W. cruise to victory.

A buzz went around the large crowd when Jungle went in - legendary lst grader facing promising local 15 year old off spinner with white plastic ball. Alas the crowd were denied their desire by a crude Jungle swipe, which saw him depart L.B.W. first ball to the 15 year old offy. The photograph on the front page of the Silgandra Mercury told the story of a former cricket legend.

Fortunately our night game finished early enough to enable the pub to stay open to 1 a.m., while Jungle regaled the opposition with stories of times when he had scored runs and taken wickets.

Editor's Note:

So the tour moves on to Dubbo and our team secretary picks up the story. When handing in his copy to the editor, Elvin was quizzed on the whereabouts of the country tour scorebook, as he must have used it in preparing his report which listed scores, etc. to which he answered he remembered the big performances. Club members remember this the next time Elvin steps into selections and your head is on the line, only remind him of your big performances, cricket or otherwise. Over to Elvin.

DL880 - DAY 5 - 340 JAHLARY, 1984

It's farewell to Wal, Rambo and Gilgandra after a remarkable couple of days and our historic day/nighter. Entering the outskirts of Dubbo Muzza Bennett clocks up his second flat tyre - he failed to see the broken glass on the road.

The Dubbo C.A. has salected a team of young hormones led by the ex-N.S.W. opener Stewart Webster to take us on. The match is played on a Gabba wicket because the Northern N.S.W. Colts Carnival is using all the turfs in town. Jungle, the man who has failed to score in his last three tour innings, immediately takes on a confident mir. Batting as though it was back at the Village Green Gabba practice wickets Jungle savages the attack to score over 90 before running himself out. A masterful display of batsmanship, playing every shot in the book and inventing a few more as he went along. Harold and Clayton lend valuable assistance in getting our score to 21.

It turns into a scorcher and Jungle shows every one of his 29+ years by having to be revived at lunch. Clayton takes luncheon in pubbo's finest suitable establishment.

When we take the field we are shown an exhibition of late cutting by one S. Webster which has even Jungle taking notice. However Dubbo's good life has thickened Webster's waistline and 50 runs on such a hot day is his limit. After Jungle drops him, he is finally dismissed through sheer exhaustion. Marty bowls the spell of the day, extracting turn and bounce from the synthetic wicket and the flood levy bank adjacent to the ground. It comes down to the wire, Marty is under pressure as he bowls the final over but we contain them to 2 - another victory.

Orca and Jamie arrive, Jungle, Nic and Marty depart.

Jungle claims he'll never venture so far from Coogee again; he is dangerously close to melting as Nic chauffeurs him towards Sydney. Jamie is fresh from his man-of-the-match performance in Hobert for Australian Universities against Oxbridge - from one event to another.

Dubbo turns on a B.B.Q. for us and Stewart Webster spends an hour or two swapping stories with tourists. The previous night's events see us exploring the possibility of playing a day/night match in Dubbo in the future.

So it's off again to Dubbo Rugby Club. The presence of young ladies rapidly revitalises the leg weary, dehydrated tourists. With Spring back in the step and refreshments at hand so begins another round of tour socialising. The familiarity of the surroundings from the previous expedition of the B. & S. produces confidence and within no time acquaintainces are being forged. The most notable turn out to be a group of momen from Wellington who have made the trip to the bright lights of Dubbo for a night out. As encouragement was being splashed about for them to join us the following night we suspected nothing. Little did we know about what lay ahead.

Other endeavours on the night included a tourist lecturing on lawn bowling technique and demonstrating bias by rolling glasses, ashtrays, etc to various parts of the club. All enjoyed themselves and most were seen staggering back to the motel at 2.00 a.m. Honourable mention must be made of Orca and Eldine's efforts in obtaining hot dogs for those feeling peckish. They walked to the other and of town and back, risking life and limb in the Shell 24-hour for 5 horrid tasting hot dogs. They return to confusion at the motel with people turning up in different rooms all over the place. Strange goings on indeed.

DAY 6 (4.1.86) - V WELLINGTON

A classic day in Country Your history.

Wellington. On this Saturday into town drove a group of seedy tourists to do battle with local cricketers. As our little group assembled under a gum tree at the rather picturesque ground, stifling yawns and hang-over induced groans, the locals put in the stumps - three stumps; they expect us to provide the other three. Eventually a full set of stumps is collected and the game commences. Eldine goes early but Backy and Jamie progress well on a difficult wicket. After Jamie is dismissed attempting to up the run rate the rot sets in. Within no time the tourists have been humbled to be all out 97 - an accurate reflection of the health of most players. Floater is left without partners on 20 not out. Captain-for-the-day Steve Palin is looking as nervous as he does in the bookies ring as the runners turn into the straight.

Lunch is some consolation as we face up to steaks three inches thick and about a foot across. Harold slots straight into his feeding frenzy, closely followed by those who still have an appetite.

Back to the ground and a realization of the gravity of the situation that confronted us. Fatigue, heavy stomachs and less than a hundred runs on the board seemed a little too much. There was, however, another factor on which we hadn't counted but which would prove more decisive the umpire. Jamie kept us in the game by taking wickets regularly and together with Orca, who grabbed three quick wickets after drinks, put us in a winning position. With twenty runs to get and two wickets in hand the locals looked doomed. But some lusty hitting, most of it onto the highway, turned the game. The minth wicket fell with less than ten runs required; the final batsman came to the wicket. You could tell just by watching him walk out that couldn't bat. Jamie bowls to him, he advances down the wicket, tries to hit the ball, misses and Backy whips off the He's out by at least a foot but our appeals are turned down by the local unpire at square leg. In fact he never did get back; he's probably still trying to make his left leg stretch those couple of extra inches. Next ball a cross-batted swipe somehow connects and our winning run is at an end. Grumbling tourists are reminded of the umpire who defends a home town decision with "I've got to live in town".

Claiming a moral victory we return to our hotel and beat the locals at darts, chequers, etc. Our minds turn to the night ahead and the hope that our carefully laid plans (of the previous night) come good. cricketing locals recommend the R.S.L. in preference to the previously proposed Rugby Club. On the journey to the R.S.L. who do we encounter but the notorious umpire; his indication that the R.S.L. is up the road is greeted with the comment "it's about time we saw that finger in the The R.S.L. Bistro sees us stumbling across three of the ladies that we had met in Dubbo. Things looked to be falling into place. story is that the best (and only) entertainment is on upstairs where a band is playing. Entertainment? That might be what they called it but various tourists were heard using other descriptive terms. Apart from eleven country tourists, these three women and the band, there aust have been ten other people in the place. Smart tourists avoid the women but the drunk or desperate ones decide to chat to the girls.

Intense touring can make people do strange things. There is the nineteen year old bank worker, the thirty two year old single mother and the drying out druggie. One is horse crazy, knows Bob Thomsen (the illustrious trainer of Precocious Heir) with three stories to her name ask Backy about them. Another considers herself a potential stage singer—something about which there can be no argument. Muzza Bennett for some reason encourages her to sing for us and eventually she obliges—something for which we will never forgive him. She organises the band to play a particular song and she sings. The pained expressions on tourists faces were not pretty but could not compare with the looks that were passed when she began to yodel. That's right, YOBEL. Some couldn't bear to watch, others were completely stunned into silence while others couldn't control their laughter and had to leave the room immediately. We would never, could never, be the same again. Unfortunately Clayton had departed earlier in the evening and therefore missed this truly cultural experience. He could have found some term for it.

Host were shot birds after this and didn't care but two tourists departed with the three ladies. How they could do it is anyone's guess and it is suffice to say that they returned to the hotel hours later in hysterics. One lying on his bed laughing himself to sleep.

Thank you Elvin en accurate account.

The tour rolls on to what will be the final day and the match egainst a hardened Orange team. We are greeted by a lovely ground and some thoughtful cricketers—who agreed to a 40 over game on seeing our condition. The locals let U.M.S.W. bowl first so we could rest in the afternoon before our long drive home. Captain Orca in his change room instructions issued these now famous words first used by Peter Dodds on the 1985 tour at Newcastle and they are "if you talk you walk and hit the square running". With those heady words ringing in their ears and with the opening attack of Steve "Fiery" Debello and Wally Reynolds we entered the arena with confidence and our heads held high for the ensuing battle. Steve bowled well with a sprinkling of unplayables and finished with none for, while Wally bowled an assortment of pies and long hops and claimed 2 for in 3 overs and was subsequently dismissed from the attack for making a sockery of the game.

The locals set us a little more than was expected after some superb slogging from their No. 8, who was late dubbed the "Axeman" for his exploits with the biggest Gray Nicholls bat anyone had seen. So with 180 to chase we sat down to a great lunch provided by the Orange C.Y.M.S. Our innings started with Big Pales having his off stump knocked over 4th ball, by a big quick who we later found out was Country Cricketer, 2 years before. Clayton and Harold struggled to get the quick off the square, but both looked very solid. As the quick took himself out of the attack, "to give the other bowlers a go", Harold's innings blossomed, scoring an immaculate 80, with Clayton compiling a grafting, but faultless 50 n.o., with some good contributions from Elvin Robb and Jim Wilcher we passed their score with 3 overs remaining and 6 wickets in hand. Truly & great game of cricket to finish the tour. After some beers at the local and some speeches, with the Axeman winning the game ball "beehive", the tour headed home with talk already brewing to tour to the Central West in 1997 to experience bubbo under lights, drinks with the boys from Orange again and tackle the imposing Duntry Leagues Solf Club.

Editor's Note: Well the sage is complete, I epologise for the length, but this only captured microcom of the tour, so to those who are thinking of joining the '87 Country Tour, you'd be a mug if you didn't.

A Tourist.

INTERVARSITY TO B TO BRISDAYE December, 1985

Ask University Cricketers to freely associate on the phrase "Intervarsity Tour" and most will respond with images of sensational drinking sessions, perverse and/or hilarious acts by crazy, young undergraduate attention-seekers, elaborate and detailed boy meets girl stories interspersed with off-best on-field antics not normally associated with the serious week to week grind of grade cricket. I have heard rumours that this season's tour was an exception, although I suspect these rumours were started by those who were sick as pigs because they were either unable, or chose, not to go. Let me state without hesitation that these rumours were false; more false in fact than has ever been the case of a tour which has included that infamous, yet naive crueller, "slasher" McKay.

Our first day in Brisbane was consumed by a city tour of pubs, clubs and other disreputable premises, and culminated in a rather sleepless night due to the unbearable humidity. Consequently, our state of health on arrival at Griffith Uni for the first game of the tour made us look decidedly "touristy". We batted first and "slasher" got 50, which prompted one wag to suggest that the game looked more like Telecom v Fosseys. The Griffith boys served up a tremendous collection of savoury pastries, then followed that up with some great steak sandwiches for lunch. After lunch they never really looked like getting near our 240, which is not to say that there weren't things happening on the field. With the rugby posts at either end of the ground still erect, and a jug for a strategically placed straight hit, and with Jungle and Ken Crighton bowling, there was still plenty to play for.

The real cricket didn't start until the next day when we began our two day match against Queensland Uni. They betted first, and when our star "import" Dave Lucas broke down after 6 overs, we were always going to struggle to boul them out on a perfect betting strip. At the end of a hot and exhausting day they were 2-270, with one guy batting all day for 90.

Not unrealistically, our boys expected them to declare on the second day immediately after "The Rock" got his ton. Unfortunately we didn't realise that it was in fact Jungle who yelled out "last over" as the applause for the three figures died down, and as Jamie Baker led his players off the field, the embarrassment of the situation was that Queensland were intending to bat on. Incensed by this apparent lack of sportsmanship Backie forced the skipper to take the new ball, and the proceeded to stick it through "The Rock's" visor in order to demonstrate that even though the score was 3-340, we were about to get quite serious.

Anyway, they declared not long after and in the spirit of U.M.S.W.C.C. lower grade batting collapses the first 4 or 5 batters seemed not in the mood to hang around, and until Jamie lent some credibility to the middle order with some excellent batting, there was the distinct possibility of some players getting a second dig. Let me mention Dave Bell's batting performance. Dave batting at 11, rather fortunately managed to avoid two bouncers (he didn't appear to see them), which prompted Backie to call to the umpire's attention the fact that Dave was blind in one eye. Hext over the ump instructed the bowler to pitch the ball up and "Ding-Dong" smashed him all over the park. It wasn't enough, although it built the Uni score to a respectable 190.

The next day the squad headed south for some rest end recreation at Surfer's Paradise. Now no matter how you feel about Surfers, it has no peer in terms of the actual quantity of vices with which you can occupy your time while you are there. Loud music, booze, women, drugs, sampling; its got it all. And the boys really dressed up for it.

Leigh (Tex) Grey, chose a stunning black velvet western shirt to compliment his black bell-bottom chords and looked likely to break into one of Smokey Dawson's old favourites at the slightest provocation. Others chose a more cultured approach, in terms of lines anyway, if not in terms of dress. For example, at the "Jewel Wheel" in the casino (which has various gen stones associated with various odds when the gens come up), "Slick" Nick Prattent, tried the "What's your birthstone? Oh Topaz?! Tem bucks on Topaz!" routine. It didn't get him past first base, but who else would have had the audacity to try with such a terrible line. (Part of "Slick's" failure might be attributed to the manner in which he was overshadowed by a very drunken 18 year old. This fellow was also betting on Topaz, but kept referring to it as "Topex" when asked if he'd like to pick up his winnings the young character replied loudly "Mah, let the zit The girls loved him). Then there was Jungle's great scheme which involved a majority of the squad running around the casino like crazed stock-market scirbblers noting the occurrence of red and black roulette results. Two hours later a group of puffed out gamblers had only a profit of \$10 to show for their efforts and to divide amongst theaselves. (Jungle "I told you we couldn't lose").

Even the trip home in non-mir-conditioned discomfort couldn't detract from another exceptionally entertaining I.V. Tour. It might be appropriate at this point to remark on just how important I.V. cricket is to this club. Not only does it give the undergraduates the opportunity to get involved in a subsidised tour, it also forms part of what university cricket has to offer which is special. At a time when the restructuring of the grade competition is a distinct possibility, providing high quality I.V. cricket is something we should feel obliged to do in order to distinguish ourselves in the eyes of those who assess the relative contributions of grade cricket clubs.

Apart from all that I.V.'s are elmost as much fun as country tours and that's a hell of a rap.

Wartin Palin.

CLIB REDINIS

The following Team Records and Partnership Records apply to the years in the Sydney Grade Cricket competition - from and including season 1973-1974.

For records prior to 1973-74 season refer to 1972-73 Annual Report - M. & S. Competition. Following items - Leading Run Scorers/Leading Wicket Takers and Leading Dismissals include all runs, wickets and dismissals in both Grade and M. & S. competition obtained from the club in all teams. Teams not eligible for all members (age and/or student status restrictions - P.G./Intervarsity are not included in the following club records. Performance in these teams may be obtained from past annual reports.

Only the initial record maker is identified in the team and partnership records.

TEAM REDUNGS:

FIRST GRADE:

	* *******		**************************************	1985/86

THE UNIVERSITY OF NEW SOUTH WALES CRICKET CLUB
AUDITOR'S REPORT

I report to the Members of the University Of New South Wales Cricket Club that I have examined the accounts and records of the Club for the year ended 31st May, 1986. My examination included such tests of the Club's records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion the Statement of Receipts and Payments and Bank Reconciliation represents a true and fair record of the Club's transactions for the year.

J.T. HALL B. Comm. AASA

30th June, 1986

THE UNIVERSITY OF NEW SOUTH WALES CRICKET CLUB HONORARY THEASURER'S REPORT FOR THE YEAR ENDED 31ST MAY, 1986

The attached accounts show a surplus of \$3,427 for the year. The result is satisfactory and is sufficient to cover the ongoing costs of the club.

Mark Sample Hon. Treasurer
